OPIE M. BUIE KILLED IN AUTO ACCIDENT

WHEN CAR TURNED OVER NEAR GRAHAM SATURDAY

JESSE HATCHER NOT HURT

Investigation of the Accident Being Made—Moonshine Found Near Scene of Accident

Opie M. Buie, the twenty year old son of Mr. and Mrs. Charles Buie three miles southeast of Barnard, was killed about 7 o'clock Saturday evening when the car in which he and Jesse Hatcher were in turned over, about two miles and a half east of Graham.

It was said that the radius rod on the car was broken and that the car went up a bank of about six or seven feet which had recently been cut, throwing Mr. Buie out on his head, killing him. From the appearance of the car, it had made a complete revolution and was standing on the wheels but facing the east, just the opposite direction in which the party were going.

Hatcher was not seriously injured, only receiving a few minor bruises and being stunned for a time. Hatcher claims a third party, a man they picked up and didn't know, was driving the auto at the time of the accident, and after the accident, he left. A man living close to the scene of the accident told the authorities they were the only two men in the auto when it passed his place.

When Dr. Frank Wallis, coroner, and Sheriff Steve Roach arrived at the scene of the accident, two kegs and several empty bottles were found in a field near by. The stuff in the bottles and kegs, moonshine, had been emptied and the place around there had a smell of a distillery. It is said the kegs and bottles were emptied after the accident.

Hatcher was brought to Maryville by Sheriff Roach and is being kept in jail. He is said to be a brother of Grover Hatcher who is out on bail and will be tried at the September term of court on a charge of transportation and possession of intoxicating liquor. No formal charge has been made against Hatcher but the authorities will decide this evening what they will do.

The body of Buie was brought to Maryville Saturday evening and was taken to his parents' home near Barnard yesterday morning. Funeral services were held this afternoon at Barnard.

BISHOP W. F. M'MURRY SPOKE HERE YESTERDAY

Was Taken to Ravenwood to Get Train Yesterday Afternoon—Going to Colorado

Bishop W. F. McMurry of Louisville spoke yesterday morning at the Buchanan Street Methodist church to a good-sized audience. He was taken in the afternoon to Ravenwood, where he took the train for St. Joseph. He was to leave last night for Colorado. Bishop McMurry is a busy man and the Rev. B. F. Cline, pastor of the church, said that it was merely by chance that he was able to come here to speak.

Bishop McMurry was at one time presiding elder of the St. Joseph district and has kept climbing until he is one of the biggest men in the church.

EDITORIAL BY J. J. HEIFNER READ

IN CONNECTION WITH FUNERAL SERMON AT MACON FRIDAY.

WAS EDITOR OF PAPER

"If a Man Die, Shall He Live Again?" Was the Title—Family Returns From Macon.

An editorial entitled, "If a man die shall he live again?" written by J. J. Heifner several years ago when he was editor of the Macon Times-Democrat was read in connection with the sermon given by Dr. Warren P. Clark of Chillicothe at the funeral services held over the remains of Mr. Heifner at Macon Friday afternoon. Dr. Clark was pastor of the Baptist church at Macon when Mr. Heifner was editor of the Times-Democrat, and at that time Dr. Clark clipped an editorial from that paper and saved it. When Dr. Clark was asked to preach the Heifner funeral, he went to his files, found the editorial and read it in connection with his sermon Friday.

The editorial is as follows:

These autumnal days are the saddest of the year. We see the things once beautiful and pleasing to the eye fading and passing to their final destiny. The beautiful forests, with their magnificent foliage, that sheltered us only a few months ago from the hot rays of the sun, are now decaying and falling to mother earth to mold into dust and be forgotten.

The lily of the valley, that sent its fragrance through the air, and perfumed the breath of all nature, has dropped its head and is ready to lay down and die. The acorn that is now protected by a feeble shell, will soon tumble to the earth, and there lie until another summer sun will speak it into life, and from its weak and sickly state a great oak may grow.

Curly-headed babes, boys that reveled in a meaningless and ideal headed men, bowed with age and sorrow, and are ready to shake off this mortal coil and with the Apostle say, "I have fought a good fight; I have finished my course; I have kept the faith."

It is what a man does that lives after him.

The Times-Democrat as a newspaper is inspired with these surroundings, to preach its readers a little sermon.

The question has been asked: "If a man die shall he live again?" and the answer was given by the Savior when He said, "Verily, verily, I say unto you, he that believeth on him hath everlasting life."

A billion and a half of us human beings swarm on the face of this earth at present. We look at each other study each other, help each other a little, swinde and oppress each other a great deal more—and soon we vanish to make room for other swarms.

Of all the hundreds of millions of whites, blacks, yellows that now make up living humanity, not twenty will be left alive a hundred years from now. Each minute scores of us are born and each minute scores of us die.

As you read this human beings are just breathing their last all over the planet and others are just arriving on earth. The feeble cries of the new born and the sighs of the dying are rising forever from our world — and

COLLEGE CLASS GIVES PROGRAM

STUDENTS SPEAK AT THE FIRST CHRISTIAN CHURCH.

BENEFITS ARE MANY

Believe One in College Must Take Part in Church Work to Get Most Out of Time Spent.

The College Class of the First Christian Church put on at the church last night a program to take place of the regular Sunday evening services. Most of the middle section of the church was reserved for College students. The lower floor of the building was filled and some sat in the balcony.

Miss Nellie Lowry presided at the meeting. It opened with a song service. Miss Laura Hawkins offered prayer and the scripture reading was given by Miss Florence Pollard. The orchestra played the offertory and the anthem, "The Lord Is My Light," was sung by the College Class chorus, under the direction of Price Doyle. Talks were then made by a number of members of the class regarding phases of church work and the benefits that college students may obtain from it.

"College students should attend the Bible school classes because they need the things they will get there," said Miss Iva Lape. "The teachers of the College classes in the churches in Maryville are capable of giving the students the best of training and all the churches have invited the students to attend. In College we are laying the foundation for our life work and a part of it should be in the Bible school. We should be able to go out into the world and pass the good things along that are offered us while we are in college."

Miss Lape's subject was "Why Students Should be Connected with the Bible School."

Miss Elvira Ward spoke on "Why College Women Should be Church Members."

"By getting into the church and doing the work of the church and living christian lives the College woman can prepare herself to help advance the cause of Christianity in the world and help civilization," said Miss Ward.

"To be without the christian association that is afforded one by being a member of a church during his college career is both unwise and a loss."

"Why College Students Should be Christion Endeavors" was the subject of Charles Elmore, president of the Christian Endeavor of the church.

"It is necessary for a teacher to learn to talk before an audience," said Mr. Elmore. "There is no place that he can learn this better while in College than at a Christian Endeavor. Besides this he gets the best spiritual training. Not only do those who are to teach need the things that are offered by the Endeavor but those who are to go into other professions need it too."

Paul M. Mitchell talked on "Why Join the Church."

"Our present conduct determines our future position," said Mr. Mitchell. "The church is one of the great dividing lines to determine which track we are to go on. The church has a great intellectual value. It offers a study of the greatest piece of literature the world has ever produced, the Holy Bible."

Dr. Fred Keller, who was on the program, was not present and Dr. C. C. Drummond, returned missionary from China, was called on.

"If I were on a school board," said Dr. Drummond, "I would always select teachers for the school who are Christians. The Bible and religion are taught in the schools in India."

At the close of Dr. Drummond's talks motion pictures were shown.

ARKOE HAD BASKET DINNER YESTERDAY

UNION SUNDAY SCHOOL SYSTEM WORKS WELL

ALTERNATE AT CHURCHES

Attendance This Year Larger Than Ever Before—Two Superintendents, One Set of Teachers

The Union Sunday School of Arkoe held yesterday a basket dinner and all-day services at the Christian Church. It was originally planned to hold the meeting at Bridge Water but owing to the threatening condition of the weather in the morning it was decided to hold it at the church. The Sunday school services were held at the regular hour and were followed by a sermon by the Rev. G. W. Burnett of Ravenwood, pastor of the Arkoe Christian Church. Following the preaching services the dinner was served. There was a big lot of fried chicken, the preacher kind the Rev. Mr. Burnett says, a half-barrel of lemonade and everything else one could want.

In the afternoon the Rev. S. P. Allison, pastor of the First Presbyterian Church of Maryville, spoke.

Arkoe has a co-operative arrangement in conducting its Sunday schools Neither the Methodist nor Christian Church is large enough to have a large strong Sunday school so the two went together several years ago and began conducting a union Sunday school. Each of the churches have a superintendent and a secretary and they have a treasurer in common. The Sunday school meets one Sunday at the Methodist Church and the next at the Christian Church, the superintendent of the Methodist Church presiding in his building and the one of the Christian Church in his. Should either of the superintendents be unable for any reason to attend Sunday school on the day it meets at his church the other superintendent takes charge. There is but one set of teachers.

Officials of the Sunday school say that they are well pleased with the system. They would much rather carry on this way than to try to conduct two small, weak Sunday schools. They say that in the years that the union arrangement has been carried out there has never been the leost friction between the two denominations.

This has been the most successful year that the Sunday school has experienced. It is said that the attendance has been 25 per cent higher than it ever was before this season. The average attendance for the past two months has been more than 100 and it has been as high as 150.

The young men's class at the church is one of the largest in this county. It has about forty members. The class was formerly taught by Mrs. Dwight Swinford but owing to ill health Mrs. Swinford was forced to give it up. Claude Thompson teaches it now.

Another outstanding class is one in the primary, taught by Miss Opal Thompson. Miss Thompson has about thirty-five members in her class and has an average attendance to twenty. One of Miss Thompson's pupils, Lois Lee Swinford, has not missed a Sunday this year. Virginia Sumy has missed but once and Ora Esther Thompson and Frances Thompson have missed but twice.

J. E. Wyatt is superintendent for the Christian Church and Miss Marjorie Carr is the secretary. At the Methodist Church Cole Yiesley is the superintendent and Miss Hazel Moore the secretary. The treasurer in common is V. E. Williams.

The school is in a good financial condition. It has $35 in the treasury.

The teachers in Sunday school are Dwight Swinford, who teaches the men's Bible class; Mr. Wyatt, who teaches the women's class; Claude Thompson, who teaches the young men's class; and Miss Opal Thompson and Mrs. Fay Corrough who teach the primary department and Miss Dora Coulter, who teaches the secondary department.

Mrs. Allez B. Armstrong of Wartrace, Tenn., arrived last night to spend a few days visiting at the home of Mr. and Mrs. Henry A. Foster.

F. H. Work of Longbeach, Cal., arrived here Saturday night for a few days visit at the home of his daughter, Mrs. S. P. Allison and the Rev. Mr. Allison.

DR. DRUMMOND TELLS OF INDIA

HAS BEEN IN THAT COUNTRY 25 YEARS

POOR FARMING METHODS

Cut Their Grain with the Sickle and Tread It Out With Oxen—Grind By Hand

Dr. C. C. Drummond, the living link missionary to Harda, India, who is supported by the local Christian Church, and Mrs. Drummond and their son, Clarence, are in Maryville paying their farewell visit to the church here before leaving to resume their work in India. After being in America since June 1921, they will sail from New York City in September. They will go directly to London where Dr. Drummond will take graduate work in the London School of Tropical medicine for twelve weeks and then they will go to Harda to take up their work.

They came from their home in Lincoln, Neb., where they have three other children, Donald, Lois and Helen. Donald is in the medical school of the University of Nebraska and is preparing to become a medical missionary.

Dr. and Mrs. Drummond have been in India for twenty-five years and have charge of a hospital and dispencery at Harda. He finished the medical college at Lincoln, Neb., and after a year's practice went on his work as a missionary. He says that they find three great avenues of approach to the people of India, through their practice of medicine, schools conducted by the missionaries and their evangalistic work.

In Harda they have 600 boys and girls in their schools and try to teach them that to be good Christians they must be loyal to the Government and follow the customs of the gvernment so far as they do not interfere with their religion.

There are 5,000 missionaries in India and of these 327 are medical missionaries. Sixty-five are supported by the Christian church.

Dr. Drummond said this afternoon that only about 11 per cent of the men of India could read and that only 1 per cent of the women can read. There has been a great demand on the part of the natives for home rule from the British Government. This agitation has resulted in a plan which was worked out by the Secretary of State and the Viceroy. The country would be controlled by the viceroy and his council which would be composed of three natives elected and four British subjects appointed by the king. There would be two legislative houses the Counsel of State which would be composed of sixty members of which thirty-three would be elected by the people and tyenty-seven appointed by the British Government. The other house , the Legisiative assembly, would be composed of 140 members of which 100 were elected and forty were appointed by the British Government. This plan of government would be tried out for a period of ten years at the end of that time if it worked out satisfactorily more authority would be given to the people and ultimately the entire government would be turned over to the people. The departments of excise, education public works and agriculture have been turned over to the people to run as they will and franchise has been extended to a larger number of the natives.

Seventy-five percent of the people in India live by agriculture. The British Government has been instrumental in the development of 36,000 miles of railroad and 46,000 miles of irrigating canals which irrigates approximately 22,000,000 acres of land. Dr. Drummond said that their system of telegraphing was excellent but the

STATIONARY FIREMEN JOIN THE FORCES TODAY.

WARNING FROM GRABLE

Maintenance Men Manifesting Increasing Sentiment for a Walkout.

Chicago, July 17. — Conferences between big railroad executives and W. L. McMenimen, labor member of the United States railroad labor board, led to the belief that the labor board will shortly cite executives to appear again for a formal session in an effort to settle the strike.

Chicago, July 17.—Stationary firemen and oilers of railroads throughout the country joined the striking shopmen in response to last week's order. It is expected eight thousand will participate.

Reports indicate the maintenance of way employes are manifesting increasingly strong strike sentiment. President Grable of the maintenance employes warns the continuation requiring men to perform strikers' duties as a result of the strike.

An investigation has begun of the poisoning of sixty-two non-workers in the yards of the Chicago, Milwaukee and St. Paul.

Jefferson City, July 17.—Major Logan, commanding officer of the state artillery units of Poplar Bluff, advised the governor of a request from the sheriff of Scott county for a hundred and fifty guardsmen to protect the Frisco railroad property at Chaffee. The sheriff anticipates trouble when the railroads undertake to reopen the shops.

SHERIFF AND FOUR MINERS KILLED IN FIGHTING

Fifteen Deputies are Wounded in Terriffic Battle Between Union and Non Union Forces.

Washington, July 17—Hope for an early settlement of the coal strike was apparently lost when the policy committee of the mine workers left the capital. Peaceful adjustment is impossible without consent of the committee.

Steubenville, O., July 17.—Sheriff H. H. Duvall of Brooke County, W. Va., and four miners were killed and fifteen deputy sheriffs and miners wounded in a terrific battle between the union and non-union miners of McKinley mine at Clintonville, West Va. The state troops are being rushed to Brooke County in airplanes from various sections of the state.

The fighting was subdued at 10 o'clock. The first fighting broke out last night when union miners fired a steeple. The attackers continued firing this morning.

Stubenville, O., July 17—Six are known to be dead in the mine war at Clintonville, W. Va. The sixth body was that of a miner found in the bushes outside mine at 11 o'clock.

MANY TRACTORS BEING USED IN COUNTY NOW

Are About Twice as Numerous as They Have Ever Been Before, They Say

The day of the tractor for practically all purposes on the farms of Nodaway county is here, according to reports of salesmen in this territory. The sales, according to local dealers, are about twice as numerous this year as they ever have been and the prospects for this fall are bright. Disregarding the sales of tractors for other uses, the sale of complete threshing outfits from Maryville have numbered at least six for this season.

Three outfits were received yesterday by the Farmers Supply Company and three outfits have been placed by the Barmann Motor Company this season. Earl Booth of Wilcox, pulled out a 20-40 engine and Popham Brothers and Henry Siepel, near Graham have both bought complete outfits for threshing.

It is estimated that about eighty or ninety tractors are in use on Nodaway County farms. They are used for many purposes of which the most important are plowing, discing, silo filling, hauling, grinding and threshing. For threshing purposes it is argued that the tractors and light separators get the grain cleaner that the heavy machines. They will thresh from five to six hundred bushels of wheat a day and from a thousand to twelve hundred bushels of oats.

The Rev. and Mrs. G. W. Burnett of Ravenwood Do Much Preaching

The Rev. and Mrs. G. W. Burnett of Ravenwood are doing a remarkable work in that they are preaching four Sundays a month at one church, two Sundays a month at another and one Sunday a month at two others.

The Christian church at Ravenwood is the one that is receiving the 4 Sunday services. Mr. Burnett preaches there on the second and fourth Sundays and Mrs. Burnett preaches on the first and third Sundays. Mr. Burnett preaches the first Sunday of the month at Oxford and on the third Sundays at Arkoe. On the second Sunday and Fourth Sundays of the month Mrs. Burnett preaches at Whitesville. When there is a fifth Sunday both Mr. and Mrs. Burnett have an open date and arrange for a service wherever they please. They have been carrying on their work in Nodaway county since late last fall.

Mr. Burnett says it is almost necessary for him to keep a date book to keep straight on the various engagements that come up in connection with the work in the several churches with which he and his wife are connected.

The Rev. and Mrs. Burnett will leave Monday, July 24, for a vacation trip of three weeks in Illinois and Indiana. They will be accompanied by their 11-year-old son, Lester. They will go by motor car and will carry complete equipment, stopping where they please and traveling when they want to.

At Berne, Ind., they will visit their daughter, Mrs. Harry Stoner, and Mr. Stoner. Mr. Stoner is manager of the Berne plant of the Libby, McNeal and Libby milk condensary plant.

Surprised the Burnetts.

The married women's class of the Christian Church at Ravenwood surprised the pastors, the Rev. and Mrs. G. W. Burnett, at their home Friday evening. Thirty-six members of the class and friends were in the party. A much larger number had planned to attend and would have done so, but for the fact roads were in such a condition that they were unable to get there. After going to the parsonage the party took Mr. and Mrs. Burnett to the basement of the church, where the entertainment features of the evening were carried on. Ice cream and cake were served.

Picnic at College Park.

An all day picnic was given in the College Park yesterday in honor of Mr. and Mrs. H. W. Ormsbee of Fayette who are visiting at the home of Mrs. Ormsbee's sister, Mrs. W. T. Gray. Birthday Surprise Breakfast

Mrs. William Garrett was completely surprised yesterday morning when a party of her relatives and friends arrived at her home for a seven o'clock breakfast in honor of her eighty-first birthday. Mrs. Garrett has been surprised for several years on her birthday by her children and friends but this year it was a most complete surprise. Covers were laid for Mr. and Mrs. Chales L. Garrett and family, Mr. and Mrs. W. O. Garrett and family, Mr. and Mrs. Frank Garrett and son, George Woodworth, D. T. Foster, Miss Norma Randall, Miss Jennie Garrett and the honor guest.

For St. Louis Guest.

Mrs. Edward L. Townsend, Mrs. Ferdinand Townsend and Mrs. Luther E. Forsyth were hostesses at a 1 o'clock three-course luncheon and bridge Saturday afternoon at Terrace Place, in honor of Mrs. Frank G. Shoemaker, Jr., of St. Louis. The rooms of the beautiful residence were decorated in Shasta daisies, artistically arranged in baskets, the handles of which were tied with maline. In the receiving line with the three hostesses and the guest of honor were Mrs. Howard T. Gilliam, Mrs. Fred R. Wolfers, Mrs. Arthur Lewis, Mrs. Earl C. Blattiger and Mrs. Karl Baumann, all recent brides, Miss Mildred Bellows, a recent bride-to-be, and the following out-of-town visitors, Mrs. A. C. Malone of Bonne Terre, Mrs. Ike Thomas Pryor, Jr., of Fort Stockton, Texas, Mrs. Cleav J. Funk of Omaha, Mrs. Frank Flynn of Kansas City, Mrs. Kate Ardery of St. Joseph, Mrs. W. P. Francisco of Clinton and Miss Cora Snapp of New York City. Mrs. George H. Colbert received the bridge favor for high score and the guest prizes were awarded Mrs. Shoemaker and Mrs. Pryor. The brides and bride-elect received fans as favors. There were sixty guests. The same hostesses entertained at six-hand euchre Saturday night at the Townsend home. The game prize was won by Mrs. Oliver K. Bovard and Mrs. John I. Hoffman of Pittsburgh, Pa., received the guest prize. The out-of-town guests included, in addition to Mrs. Hoffman, Miss Marvine Price of Fayetteville, Ark., and Mrs. Carl Marxer of Des Moines. The guests numbered sixty-five.

Limpness will Characterize the Correct fall wrap

Paris, July 17.—Limpness characterizes the wraps seen on fashionable occasions. They are very lovely, though they look as if the head had taken all the back bone out of the fabric. They usually have straight collars mere bands clasped in front by jeweled buckles. Fringe is used on them in profusion, adding in some curious way to that limp look caused by the soft fabric and the lack of lining.

With the straight line chemise gowns still very much in vogue, designers have been obliged to concentrate on trimmings to the end that each frock shall not be precisely like its fellows. Dresses, therefore, show an amazing variety of decoration. Chiefly innovations along these lines are stripes of colored leather, lacquered braid, lacquered ribbon, ebony girdles thickly gemmed, silk or organdie flowers in lavish numbers, and embroideries of colored straw, closely plaited.

Will Dinner Guests

Dr. W. W. Turner, G. Dunkelman, Albert Kuchs and Paul Kuchs were the dinner guests of Mr. and Mrs. I. R. Will yesterday at noon.

P. E. O. Picnic Wednesday.

The members of the local chapter of the P. E. O. will give a picnic Wednesday evening at 5:30 o'clock at the College Park in honor of the P. E. O. mmebers attending summer school in the College.

cal event of the season.

Thursday

9:00 A. M.—Junior Town.

2:30 P. M.—Address, "Where Does Religion Come In?" A masterful study of the times, J. Campbell White, a layman who knows our needs.

8:00 P. M.—Comedy-drama, "Turn To the Right," the drama affords nothing better, Keighley's Broadway Players.

Friday

9:00 A. M.—Junior Town.

2:30 P. M.—Glittering Pageant by the kiddies themselves, unique entertainment. The Marionettes. "Jack and the Beanstalk," presented by Paul Clements.

8:00 P. M.—Illustrated Recital, "An Evening with the Stars," close-up looks at celestial wonders, B. R. Baumgardt.

Frank S. Runyon, advance representative of the Redpath Vawter Chautauqua System came to town today to put up part of the outside advertising.

The representative is full of high pressure enthusiasm, and ardently of the conviction that the Chautauqua this year is to set a new high mark in popular favor. He says:

"Turn to the Right" under the management of William Keighley, of Broadway Jones fame, is the cleverest piece of pure comedy that has been released for a long time. This will come nearer to universal appeal perhaps than any other attraction.

"Di Giorgio's Concert Orchestra is said to be a winner and the Zanco-Smith-Oster trio of vocal artists are declared to be the biggest thing musically that the Chautauqua has ever brought this way. There is an abundance of music throughout the week.

"With such men on the lecture list as Robert G. Cousins, of international fame, D. Thomas Curtin, the celebrated war correspondent, just returning from Europe with the latest information on the situation there, John Temple Graves the famous Southern orator editor and reformer, there can be no lack of big stuff in the lecture line.

"Homer C. Boblitt on farming, John E. Pound on Wills, B. R. Baumgardt, with his spectacular science lecture on astronomy, and the virile and scintillating J. Campbell White on phases of religion, ought to fill up the cup of necessity to the brim. And we are assured that they will.

"Edwin Whitney, a seasoned actor presenting "The Fortune Hunter" and Miss Edna Means with her impressive interpretative readings with the All College Glee Club and their comedy stunts galore, will furnish an overflow measure of good times at proper intervals through the week."

John M. Murrin returned today at noon from a several days' visit in points in Colorado and at Hastings, Neb. Mr. Murrin was accompanied on his trip by his daughter, Mrs. G. R. Cornelius and son, of Hastings.

Dr. and Mrs. H. J. Dunshee of Stanberry came Saturday evening and spent Sunday at the home of Mrs. Dunshee's parents, Mr. and Mrs. Ed Godsey, on West Fourth street.

Judges Bailey and Moore of the county court made an inspection trip to the southwest part of White Cloud township.

SNODGRASS AND MILLER DRIVING TO COLORADO

The Rev. R. E. Snodgrass, Fred Miller and Mrs. Snodgrass' father, D. Hartman, left this morning in Mr. Snodgrass' motor car for Holy Oak, Colo., for a short business trip. Mr. Snodgrass and Mr. Hartman expect to be back in Maryville by the last of the week. Mr. Miller may stay in Colorado for a more extended visit.

Mr. and Mrs. Fred Lewis, who have been visiting at the home of Mr. and Mrs. Martin Lewis, Sr., left Saturday for Harris, where they will visit a few weeks at the home of Mr. and Mrs. Wood Harris and then return to their home in Chillicothe.

That Curious Device for Making Fire

IT was only seventy-five years ago that a woman of the Middle West wrote to her cousin in New York:

"Last winter I was told of a curious new device for making fire. It consisted of small splinters of wood with tips of some substance that bursts into flame when rubbed on a rough surface. If you can procure some of them for me I shall be grateful."

Matches were in general use in Europe for years before they were seen in this country. There was no means for spreading such news rapidly.

Today, the new invention that contributes to comfort or convenience is quickly known the country over. Advertising conveys the information. The farmer's wife in Texas or Idaho is as well posted on these things as the city woman of the East.

Don't overlook the advertisements in these columns. They are heralds of progress, with real news for you and your family. They save your time, lighten your work and enable you to obtain the utmost in value for the money you spend.

Time given to reading the advertisements is well spent.

from all the hundreds of millions of other worlds.

The first acquaintance with death oppresses and mystifies us all. The child stands beside the dark coffin and whispers questions that the child itself can answer as well as the oldest, wisest man. We know nothing of the mystery of death, and nothing of the mystery of life.

Why and whence we come, why and whither we go—we cannot answer. Religion alone can free men's minds from doubt, worry and the strain of a questioning effort that can bring no response. Science tries its wisdom and fails.

There is talk of chemical combinations that "produce life automatically" and further talk of destructive organisms within the organisms that end, eventually, the life that they have protected.

Energy and matter, the childish scientists tell us, produce life in some more or less accidental and inevitable way—they simply talk pseudo-scientific drivel around the puzzling questions of existence. They know nothing and can tell nothing.

Our sleeping and our waking, the half death that comes to us with every setting of the sun, typifies the real life that is so great a mystery.

The mind that dealt so broadly and powerfully with the mystery of life was that of Shakespeare. He makes Macbeth say in few words what all of us feel. The king is told that his wife is dead, and, disgusted, with his own efforts with the uselessness of struggle, he says:

Tomorrow, and tomorrow and tomorrow,
Creeps in the petty pace from day to day
To the last syllable of recorded time:
fools
And all our yesterdays have lighted fools
The way to dusty death. Out, out, brief candle!
Life's but a walking shadow; a poor player
That struts and frets his hour upon the stage,
And then is heard no more: it is a tale
Told by an idiot, full of sound and fury,
Signifying nothing.

There is a picture of life as it seems to the mind, dissatisfied and disappointed. And that is a picture typifying the mental condition of us all when we try to solve the problems of human life.

The Times-Democrat believes there is a true happiness that does not comply strictly with the teachings on the Bible. Men may seek it the ways of this world; money kings may go upon the highways to buy it, and Ambition's maddening grasp may seek for it in other fields, but they come to naught, and their pillow is but a sham.

The great curse that is now inflicting the world is the love of money. A man cannot be a success according to the present standard of measurement, without he is a money maker. Love, truth and honesty, have but little weight when placed upon the scales of public opinion.

It is Dollars! Dollars! Dollars!

The avarocious man is like the barren dessert which drinks up all the rain and dews with insatiable greediness, but yields no fruit for the benefit of others.

The prophet knew what he was talking about when he said "The Love of money is the root of all evil."

Some evenings ago we read in a Chicago paper a pathetic story about a young girl who was killed by a railroad train and the scenes around her death couch answer in vivid language the text: "If a man die shall he live again?" The story reads:

"Abide with me, fast falls the eventide;
The darkness deepens—Lord, with me abide;
When other helpers fail and comforts flee
Help of the helpless, oh, abide with me."

The last words of the old hymn were uttered in a whisper. The surgeon in-chief leaned over the operating table, looked at the closing eyes of the beautiful girl, pressed his ear to her heart and announced that she was dead.

Miss Clara Butler, daughter of a prominent Morgan Park family, leading soprano in the First Baptist church there, thus passed away on the operating table at the hospital in Blue Island, after she had been cruelly mangled by a Chicago Rock Island and Pacific train. Attempting to alight after the train had started, her dress caught in the iron work of the platform and she was thrown under the wheels. She was hurried to the hospital in the faint hope of saving her life by an operation, but it was a vain hope. Her younger sister, who witnessed the accident, is protrasted and may not recover. Although she knew death was in the room and fast closing down the span of her life, Miss Butler was cheerful to the end.

"Tell them that I am not afraid to die," she whispered to her pastor, as a message to be taken to the mourning relatives in an adjoining room. Then her voice rang pure and clear as a bell with her favorite hymn. Over and over again, until the song died away to a whisper, she repeated the words, while the surgeons and nurses turned to the windows and waited for the end.

In an adjoining room grief was tugging at the heartstrings of her parents and sister. Outside all was life and sunshine and action, while on the white table the beautiful singer chanted her own requiem and passed beyond with a smile on her face and a song in her heart, despite the fearful agony inflicted by the deadly car wheels.

At her request a brief service for the dead was held by her pastor immediately after her death, while she still lay on the operating table.

Surely, there is something in the faith, something grand and beautiful and true in the trusting hope that can carry the soul through the agony of death, with a song; and thousands who read this brief story will pause, amid the hurry and bustle of life, and ponder again the truths of that holy faith which enables the pure soul to say in that fearful, final hour. "O death, where is thy sting. O grave, where is thy victory? For 'tis religion alone can soothe the couch of pain, and make the bed of death as soft as downy pillows.

"Life, we've been long together.
Through pleasant and cloudy weather
"Tis hard to part when friends are dear;
Perhaps 'twill cost a sigh, a tear.
Then steal away, give little warning,
Choose thine own time;
Say not good-night; but in some brighter clime
Bid us good-morning."

Mrs. J. J. Heifner, Lloyd Heifner, Misses Mary Heifner and Fern Campbell returned this morning from Macon where they attended the funeral. The Heifner insurance agency in this city will be managed by his two sons, Lloyd Heifner and Roscoe Heifner.

A NODAWAY COUNTY PICNIC IN CALIFORNIA.

Several Former Maryvillians at Redondo Beach on July 9—Basket Dinner.

A gathering of a few former Maryville people was held on the pier at Redondo Beach, Calif., on July 9, and a basket dinner was served consisting of all the good things to eat. Those in attendance were: Mr. and Mrs. Bert Harrison and their sons, Miles and Johnny; Mr. and Mrs. J. L. McKee; Mrs. Frances Totterdale, Mrs. Cora Trullinger, Mrs. George Keefe, Mr. and Mrs. S. M. Redfield and daughter, Miss Irene Redfield, Mr. and Mrs. W. B. Frost, Mrs. F. M. English and grand daughter, Miss Elizabeth Keck, Cecil Frost and Miss Gertrude Frost, Mr. and Mrs. W. A. Bales. After dinner the company went to the home of Mr. Frost and spent the afternoon talking of the by gone days of Maryville and all seemed to have a warm spot for the town.

MISS ANNA HEISLER TO WORK FOR THE STATE.

The following is from the Trenton Republican:

Miss Anna Heisler, county Red Cross nurse, who recently resigned, left this (Saturday) morning for Jefferson City where she will begin work with the state. Miss Heisler is one of the best qualified nurses in the state both in education and in nursing experience.

Miss Heisler was formerly nurse for the Nodaway County Chapter, American Red Cross, with headquarters in Maryville.

Produce Review

Production of butter, on account of recent rains, is holding up and promises to continue liberal for some time. Consuming demand is good and the markets are holding steady.

Eggs are showing better quality than a few weeks ago, because of cooler weather. Production seems to be about normal, and as prices are now on a reasonable basis, the demand from consuming centers is better. The number of cases in storage from July 1st was about 30 per cent greater than a year ago, indicating that prices probably will remain on a conservative basis, which is essential in order to clear the surplus stock in proper season.

The marketing of live poultry has been light on account of the general producer being busy with harvesting. The demand, however, is not up to what it has been the past few years, and values have consequently shown further decline.

Parnell Will Have Picnic

At a meeting of business men and others of Parnell it was decided to have a three day picnic and the dates decided upon were July 27, 28 and 29.

GAUGH & EVANS

Make Remarkable Offer to Any Person in Maryville Who Is Weak, Sick, Nervous or Run Down.

It Is Now Possible for You to Come to This Store, Buy a Regular $1.10 Package of Nuxated Iron, Use It for Two Weeks, and If at the End of That Time You Have not Received All, and Even Greater Benefits Than You Expect, Simply Bring the Wrapper Back to Gaugh & Evans' and We Will Cheerfully Hand You Back Your Money.

Maryville people may well ask how we can afford to make this remarkable "Satisfaction or Money Back" offer. Medical examinations by physicians all over the country show that an amazing number of people lack 100 per cent iron in their blood. At a recent conference, Dr. James Francis Sullivan, formerly physician of Bellevue Hospital, (Outdoor Department) New York, and the Westchester County Hospital, said, "Without iron, the blood becomes weak, thin, pale and watery. In many people this so seriously weakens their vital organs as to lead them to believe that they have heart or stomach trouble, kidney disease, nerve force exhaustion or some other serious ailment. I have had people come to me thinking they had heart trouble, because they often had pains and palpitation of the heart, sudden dizziness, faintness or spots before the eyes. In a great many of these cases, the moment iron was supplied, all of these symptoms disappeared." We make this offer because Genuine Nuxated Iron contains true organic iron like the iron in your blood. So many people are deficient in iron who would surely be benefitted by this remarkable remedy, that we recommend that you come right to Gaugh & Evans and get your bottle of Nuxated Iron. Use it for two weeks, and note the improvement in your own case in strength, energy and endurance. If you are not more than surprised at the results, just bring back the wrapper and we will promptly refund your money without question.

Everyone

should spend at least one vacation in "The Land of Wonders"—Yellowstone Park—and see sights and scenes the like of which do not exist elsewhere. By the way, this is the Golden Anniversary of Yellowstone—President U. S. Grant signed the act of dedication of Yellowstone "For the Enjoyment and Benefit of the People," on March 1, 1872.

Briefly, the attractions are—an incomparable climate, wild animals of numerous species living their natural life (Yellowstone is the largest wild game preserve in the world); magnificent forests; wild flowers of brilliant hues, in great variety and profusion; Lakes, rivers, waterfalls (the Great Fall is almost twice as high as Niagara), innumerable rivers and creeks; geysers, mud volcanoes, hot and mineral springs, exquisitely colored pools; mountains and canyons; wonderful hotels, bungalow camps, an automobile ride that has no counterpart in all the world, and—the Cody Road, through the Buffalo Bill country, which has been called "the most wonderful ninety miles in America."

Why not go this year? Take the family! Decide when, then let me make your reservations so you will be sure of accommodations. Ask me how to include Colorado without added rail cost.

MARYVILLE BEAT YOU A YEAR AGO, LONG BEACH.

A church paper from the Christian Church at Long Beach, Cal., received recently in Maryville said that the men's class at that place had reached 2,000 and that it is the largest class in history. For this reason it is to have its picture made. The Rev. R. E. Snodgrass, pastor of the First Christian Church, says that he will write to the class to get up-to-date, since his men's class here at Maryville beat the Long Beach record by more than a thousand a year ago. The record attendance here was 3,231.

NODAWAY COUNTY FILMS PRACTICALLY COMPLETED

Marcell Made Pictures of "White Mule" at Jack Holt Farm— but It Was Longeared Variety

With the pictures which were taken the last part of the week, the Nodaway County Agriculture films are practically completed, George A. Pickens announced this morning. This makes four complete reels and approximately 4,000 feet of picture. This 4,000 feet does not include all the pictures which have been taken, as a lot of them have been cut out with the making of the new art titles and the rearranging.

The most recent pictures which were taken include a still picture of the Hereford cattle on the Hugh Whiteford farm southeast of Guilford.

Mr. Pickens said this morning that they didn't take any stills, as the word is usually understood, on the farm of Jack Holt but they did get a good picture of some real old time Missouri White mule, 22 years old. The stills, referred to still pictures taken for art titles and the white mule was a couple of Missouri's long eared products. After twenty-two years of work they were almost pure white.

Other pictures taken on Mr. Holt's farm included storing alfalfa in the loft of the barn, pictures in the feed lot with the cows and calves and a picture in the fields loading hay.

Mr. Pickens and Ralph Marcell went to the field of oats owned by Mr. Holt to picture the cutting of the crop with four big mules to the binder. Just as they got to the field the tongue was broken out of the binder and the pictures were made showing the repairing of the binder.

MOVEMENT FOR SEED WHEAT FOR THOSE LOSING CROP

John Neal of Pickering Suggests That a Little Might Be Put Aside by Those Threshing.

John Neal of Pickering has suggested that an arrangement could be made among the farmers of the county whereby each of them could put by a few bushels of wheat at threshing time for the purpose of furnishing seed wheat to the farmers in the bottoms who lost their crops in the high water. It has been suggested that this grain could all be put in a garner some place and that those who have lost their crops could go to it and take out free of charge what they will need for seed this fall.

Nothing definite has been done regarding the matter as yet and no definite announcement can be made, although some work and investigation is being done.

Mr. Neal has wheat in the bottoms but was fortunate enough not to lose any. He says that some of the farmers who lost their crops are much depressed and that it will be necessary for them to borrow money to buy their seed this fall. He believes they would be much helped if they could get their seed wheat in this way.

DR. DRUMMOND TELLS OF INDIA

Continued from page 1

telephones were not so highly developed.

He said that the war affected India materially because of the high prices and that the times were particularly trying on the poor people. Conditions there at present are very similar to what they are almost every place, the people are more or less on edge and unsettled.

There is a growing anti-western agitation against people coming into India from other countries, Dr. Drummond explained, and the natives have the feeling that India must be for the Indians. However he explained that they were very sorry to see him and Mrs. Drummond leave for America and insisted that they hurry back.

Although the large percentage of India natives live by agriculture the methods in use are not modern. Dr. Drummond suggested that they were 2,500 years behind methods used here. They still use the hand cycle for the cutting of their grain and thresh it on the threshing floor by having the grain trmpled out with oxen. The grain is ground by hand.

It is generally conceeded that more modern methods would increase the production in india about 50 per cent. The government has experimental fields on the various farms through out the provinces which demonstrate the vaule of better plowing and better methods of agriculture. The most important crops are rice, wheat, pulse, tea, cotton and cattle.

BOLCKOW GETS REVENGE ON WHITE STARS

Clearmont Beats Burlington, Graham Looses to Rosendale and Arkoe Beats Clyde

Following are some of the baseball games played by Nodaway County teams yesterday afternoon.

Bolckow got revenge on the White Stars of Maryville at Bolckow yesterday afternoon for the defeat that the Maryville boys gave the Bolckow team early in the season. The score was 8 to 2. The first game of the season was 6 to 2 in favor of the White Stars.

The Maryville boys say that they found an especially difficult task in that there was water in the Bolckow field at one side. They say that the Bolckow boys knocked a number of balls into this. it was comical to see "Lefty" Woodard going after these. Five balls were lost in the water.

The batteries were: Maryville—Crandell, Conley and Mays; Bolckow—Thompson and Messick.

The White Stars are to play the B. or R. T's at Conception Junction next Sunday.

Clearmont Vs. Burlington Jct.

Clearmont defeated Burlington Junction at Clearmont yesterday in a fast game before the largest crowd of the season by a score of 6 to 3. It was the fastest and best game that Clearmont has played this year. Both clubs made sensational stops and throws. Laymen of Burlington Junction was batted out of the box in the seventh inning and was replaced by Lamar, who fared but little better.

Features of the game were the pitching of Knuckles of Clearmont, who struck out fourteen men; a throw from outfield by Smith and a 1-handed stop by Graves.

The batteries were: Clearmont—Knuckles and Carmichael; Burlington Junction—Laymen, Lamar and Hagey

The game yesterday was the second that has been played this season between the two clubs. Burlington Junction won the first game. The tie will be played off later.

Clearmont will play Wilcox at Clearmont next Sunday.

Graham Vs. Rosendale

Graham lost to Rosendale by a score of 5 to 4 through a piece of hard luck. Graham was leading with a score of 4 to 2 in the seventh inning when an overthrow ball went into the crowd. Three men got back to the home plate, raising the score to 5 to 4. A lot of good hitting was done by each of the teams but the scoring was held down by five double plays.

The batteries were: Rosendale—Kennedy and Davidson; Graham—Dougan and McDowell.

This was the first game this season between the two teams. No arrangement has been made for a return game. Graham is to play Bolckow at Bolckow next Sunday and July 30 the Bolckow team will play Graham. Graham has August 6 open and says that it will book a game with some good team if the offer is made. Excepting August 6, Graham has a full schedule until the third Sunday in September.

Arkoe Vs. Clyde

One of the close games of the season took place at Clyde between Clyde and Arkoe. At the end of the ninth inning the score was 7 to 7. At the end of the tenth and the eleventh it was unchanged. In the twelfth Arkoe broke away and made three runs and Clyde failed to score, making the final score 10 to 7 in favor of Arkoe.

The batteries were: Arkoe—Robinson and Ambrose; Clyde—Scharff and Merrigan.

Neither team has a game scheduled for next Sunday. Arkoe is keen for games and is anxious to schedule them.

Wilcox vs. Hopkins.

Wilcox lost to Hopkins yesterday for the second time this season. The score was 5 to 1. Carter of the St. Joseph Bellon Giants struck out eight men and Dixon for Hopkins struck out five. Hopkins got twelve hits and Wilcox got eight. Phipps, who has been pitching this year for Wilcox, was in South Dakota for a game yesterday. Tobin caught for Wilcox and Turner for Hopkins. One of the features of the game was a 3-bagger hit by Paul Buhler of Wilcox.

Maryville Vs. Wilcox

The Maryville team played the Wilcox second team at Wilcox. Maryville won by a score of 6 to 5. The Maryville battery was Hal England and Emmett Lewis.

Mrs. George Worst Is Better.

Mrs. George W. Worst, who was taken suddenly ill Saturday afternoon at her home on West Second street, is better today. Her condition was very serious for several hours. Mrs. N. C. Covey of Pueblo, Colo., a daughter, who had been visiting in Maryville for two weeks, left Saturday morning for Guilford to visit Mr. Covey's father, George Covey, enroute to Pueblo, and the message of her mother's illness reached her as she was boarding the train for St. Joseph. She returned to Maryville via motor car an hour later and will remain with her mother until her condition is very much improved.
